

# TÜRKİYE ODALAR VE BORSALAR BİRLİĞİ

Dumlupınar Bulvarı No:252 (Eskişehir Yolu 9. Km.) 06530 /ANKARA

www.tobb.org.tr - tobb@hs01.kep.tr

Sayı : E-34221550-720-3156

Tarih: 21.03.2025

Konu : Güney Kore Enerji Heyetleri ile İkili İş Görüşmeleri, 21-22 Nisan 2025, İstanbul

## TÜM ODA VE BORSALARA (Genel Sekreterlik)

21-22 Nisan 2025 tarihlerinde, İstanbul'da, Güney Kore'deki en büyük devlet elektrik üretim firması KEPCO'nun bir iştiraki olan KOEN, Korea Electric Engineers Association (KEEA), Korea Hydro & Nuclear Power (KHNP) ve Doosan Enerbility'nin de aralarında bulunduğu Güney Koreli enerji firmalarının katılımıyla İkili İş Görüşmeleri Etkinliği düzenlenecektir.

Söz konusu etkinliğe, enerji santralleri, elektrik ekipmanları ve nükleer teknoloji alanlarında faaliyet gösteren Güney Koreli firmalar ile Türk enerji sektörü temsilcilerinin katılması ve etkinliğin katılımcılara, Güney Koreli muhataplarıyla doğrudan temas kurma ve yeni iş fırsatlarını değerlendirme imkânı sunması beklenmektedir.

Etkinliğe ilişkin kayıt formu ve heyet bilgilerine aşağıdaki bağlantılardan ulaşılabilir:

**Kayıt için:** [bit.ly/4hqDIC9](https://bit.ly/4hqDIC9)

**Şirketler ve heyet hakkında detaylar:** [bit.ly/4i3sGE9](https://bit.ly/4i3sGE9)

Bilgilerinizi ve söz konusu etkinliğin ilgili üyelerinize duyurulmasını rica ederim.

Saygılarımla,

*e-imza*

Mustafa BAYBURTLU  
Genel Sekreter Yardımcısı

# Güney Kore Enerji Heyetleri ile B2B Görüşmeleri

## Güney Kore'nin Enerji Sektörü Heyetleri İstanbul'a Geliyor

Tarih: 21 Nisan (Öğleden Sonra) & 22 Nisan (Tam Gün)

Yer: Dedeman İstanbul Otel, Gayrettepe

21-22 Nisan 2025 tarihlerinde, Güney Kore'den Enerji Santrali ve Elektrik Ekipmanları Heyeti ile Nükleer Enerji Heyeti, Türkiye'de ilgili sektörlerde faaliyet gösteren firmalar ile iş görüşmeleri gerçekleştirecektir.

### Heyetler Hakkında:

#### Enerji Santrali ve Elektrik Ekipmanları Heyeti

- Organizatör: Korea Electric Engineers Association (KEEA)
- Sponsor: Korea South-East Power Co., Ltd. (KOEN)
- Heyette yer alan firmalar: Elektrik üretim santralleri, enerji iletim & dağıtım ekipmanları, enerji teknolojileri üreticileri ve tedarikçileri (toplam 11 Koreli firma)

#### Nükleer Enerji Heyeti

- Organizatör: South Gyeongsang Eyaleti & Korea Nuclear Association (KNA)
- Sponsorlar: Korea Hydro & Nuclear Power (KHNP), Doosan Enerbility
- Heyette yer alan firmalar: Nükleer enerji santralleri, mühendislik & altyapı firmaları, nükleer teknoloji üreticileri ve tedarikçileri (toplam 10-12 Koreli firma)

### Kimler Katılmalı?

Türkiye'de enerji, elektrik, nükleer enerji, mühendislik ve altyapı sektörlerinde faaliyet gösteren üretici, ticaret, danışmanlık ve diğer hizmet sağlayıcı firmalar için bu etkinlik, Güney Koreli şirketler ile iş birliği fırsatlarını değerlendirme açısından önemli bir platform sunmaktadır.

### Başvuru ve Süreç:

- Son Başvuru Tarihi: 31 Mart 2025
- Başvuru Sonuçlarının Açıklanması: 04 Nisan 2025
- B2B Görüşme Takvimlerinin İletilmesi: 7-11 Nisan 2025

Korea Electric Engineers Association (KEEA)

## INTRODUCTION OF THE ASSOCIATION

### General status

- Name : Korea Electric Engineers Association
- Address : 2040, Nambusunhwan-ro, Gwanak-gu, Seoul 08805, Rep. Of Korea
- Founded date : Dec. 14, 1963

### Purpose

The purpose of the association is to promote the R&D of electric technology, improve the quality of electric facilities, as well as keeping the training, management and welfare programming of electric engineers in order to contribute to the industrial development of Korea

# Organized By

# Korea Electric Engineers Association (KEEA)

# 1. [IAM Co., Ltd.](#) ← Click to link Homepage

- IAM Co., Ltd. is specialized in the new technology to measure temperature using optical fiber cable and using mobile technology for the facility management.
- OTMS (Optical fiber Temperature Measurement System) is a proprietary technology developed based on the same concept as DTS (Distributed Temperature Sensing).
- By detecting scattered light within the optical fiber, OTMS enables simultaneous measurement of thousands of temperature points, allowing precise monitoring with just a single optical fiber strand.
- Product (Service) : Optical fiber Temperature Measurement System

## 2. Korea Engineering Co., Ltd.

- Korea Engineering designs, engineers, installs, and services best-in-class ignition systems for industrial boilers and gas turbines, supplying to major thermal plants with state-of-the-art products
- The company has expanded its product line to include igniter exciters, igniter spark plugs, and igniter leads, providing high-performance and cost-effective solutions for both domestic and international customers
- Product (Service) :
  - Igniter Exciter
  - Igniter Cable Lead
  - Igniter Spark Plug
  - Igniter Exciter Controller

### 3. MUHA INC.

- MUHA INC is based on the hardware, firmware, and application software development technology of the control system for power plants and plant industries, we want to become a leader in the era of the 4th industrial revolution by converging IoT and AI technologies.

DCS I/o Module & Relay Diagnosis Equipment

Thermal Stress Monitoring System

- Product (Service) :
  - DCS I/o Module & Relay Diagnosis Equipment
  - Thermal Stress Monitoring System
  - Position Control System / PCS
  - AI Air Quality Improvement System
  - Precision Diagnostics Service  
(DCS Power Supply & Module / Relay / TC Sensor)

Position Control System

AI Air Quality Improvement System

## 4. EPiT Co.,Ltd.

- EPiT Co.,Ltd. is specialized in atmospheric environment fields and we carries out everything from design to construction of electrostatic precipitator and Bag Filter.
- In particular, EPiT Co.,Ltd. developed its own filter bag, which is an internal core part of the filtration dust collector as well as produced and supplied ‘EPiT Pleated filter bag’, which can be expanded 2 to 3 times compared to existing filter(Tubular) bag.
- Product (Service) :
  - Electrostatic Precipitator
  - Bag Filter & EPiT Pleated Filter bag
  - Technical Services

< EPiT pleated bag >

## 5. G-TOPS

- G-TOPS is a special purpose corporation established jointly by KOEN(korea south-east power co.) a public corporation, and 14 small and medium-sized enterprises associations for shared growth with domestic SMEs and the development of the plant industry.
- G-TOPS is a "Plant Equipment Comprehensive Trading Company" that exports excellent products of small and medium-sized Korean companies to overseas markets
- Product (Service) :
  - VALVE & ACTUATOR
  - FITTING
  - SYSTEM & FACILITIES
  - PUMP
  - AUX. EQUIPMENTS
  - TURBINE COMPONENTS
  - TRANSFORMER/ TRANSFORMER RECTIFIER
  - ETC

## 5. Jac coupling

- JAC Coupling has supplied and made constant effort to develop high-quality power transmission coupling product to its customers.
- Jac Coupling has been producing various types of high-quality couplings for over 40 years based on its extensive experience.
- Product (Service) :
  - Gear coupling
  - Disk coupling
  - Grid coupling
  - Fluid coupling
  - Rubber coupling
  - Various types of couplings

Gear coupling

Grid coupling

Disc coupling

Wind turbine coupling

Composite coupling

Wire drum coupling

Tire & Rubber coupling

Jaw coupling

## 7. ECOPOWERTEC

- ECOPOWERTEC is manufacturing company which especially specialized in 4R (Reusable /Resilient /Removable /Resourceful) Insulation Cover . This is an eco-friendly thermal insulation system installed to insulate high temperature equipment in plants.
- Excellent insulation saves energy, and waste is reduced through reuse, enabling resource conservation and economical energy use. It also protects workers from burns, ensuring worker safety.
- Product (Service) :

### Insulation materials

- Detachable Thermal Insulation
- Fire Spread Prevention Insulation
- Metal Casing Insulation

### Valve

- Swing blind valve
- Scroll blind valve
- Tilting Gate valve

### Fire protection products

- Flame Retardant Fabric
- Fire-Resistant Paint
- Fire-Resistant Putty, Fire-Resistant Silicone

## 8. HANDOL PUMPS LIMITED

- HANDOL PUMPS LIMITED is a leading manufacturer specializing in API 610 centrifugal pumps.
- Since its establishment in 1993, the company has developed and produced centrifugal pumps for power generation, oil & gas, petrochemical, and other industries.
- With exports to over 30 countries, HANDOL PUMPS is globally recognized for its technical excellence.
- Product (Service) :
  - Axially Split Pumps
  - Double-Casing Pumps
  - Ring section Pumps
  - Two-stage Pumps
  - Single-stage Pumps
  - Magnetic Drive Pumps
  - Vertical Pumps
  - Axial Flow Pumps

**Overhung**

**Between Bearing**

**Vertically Suspended**

## 9. Jeongwoo Industrial Machine, Co., Ltd.

- Jeongwoo Industrial Machine Co., Ltd. specializes in energy plant equipment and supplies high-quality products to the power generation, gas, oil refinery, and energy industries both domestically and internationally.
- Through continuous technological development and patented innovations, the company strives to deliver superior solutions to its customers..
- Product (Service) :

### Industrial Machines

#### Filter Equipment

- Condenser Tube Cleaning System
- Debris Filter
- Strainer

#### Turbine/Generator System

- Seal Oil Unit
- Stator Cooling Water Unit
- Lube Oil Unit
- Gland Steam Condenser

Ball Strainer

Ball Collector

Debris Filter

Seal Oil Unit

### Piping Support

#### Piping Support Equipment

- Spring Hangers & Supports
- Dynamically Loaded Elements
- Structural Attachment Elements
- Connecting Elements
- Pipe Attachment Elements
- Miscellaneous Elements

#### Cryogenic Piping Supports

- Shoe Type
- Hold Down Type
- Anchor Type

## 10. YPP

- YPP is a provider of power and energy solutions, specializing in power protection systems, facility diagnostics, and plant control systems.
- The company supplies electrical protection and control systems, substation automation, temperature monitoring, and offers maintenance and consulting services.
- YPP also manufactures digital protection relays, industrial communication devices, UPS, and control panels while offering specialized training in power system protection and control.
- Product (Service) :
  - Power facility protection monitoring and control system
  - Facility diagnosis system
  - Digital protection relay

## 11. Dongsung ES

- Dongsung ES is an engineering company specializing in energy efficiency that dramatically saves energy by optimally using heat and electric energy, which are the main sources of energy consumption.
- The representative products are the DST Venturi steam trap, which saves steam, which is heat energy, and Optimum Power Control Device for Motor (OPC-M), which saves electricity.
- Product (Service):
  - Optimum Power Control Device for Motor (OPC-M)
  - DST Venturi steam trap

<OPC-M>

<DST Venturi steam trap>

## 1. KNA

- KNA (Korea Nuclear Association for International Cooperation) mainly focuses on promoting and exporting South Korea's nuclear power technologies and services. It supports member companies in networking and collaboration, while also offering market insights and industry reports. KNA plays a key role in strengthening the global presence of South Korean nuclear-related products and services.
- It facilitates the export of nuclear power technologies, offers networking opportunities, and provides resources such as market reports and industry news. It also offers membership benefits for companies in the nuclear sector and hosts international events related to nuclear power.

## 2. Doosan Enerbility

- Doosan Enerbility is a leading energy solutions provider specializing in power generation, including nuclear, combined-cycle, and renewable energy.
- The company leverages advanced engineering and manufacturing expertise to deliver turbines, reactors, and key components worldwide.
- Doosan Enerbility is also actively involved in the development of Small Modular Reactors (SMRs) and plans to supply key components for them in the future.
- Product (Service) :
  - RPV, Reactor Pressure Vessel
  - Steam Generator
  - Pressurizer
  - Upper & Lower Reactor Internals
  - Reactor Coolant Pump, RCP
  - MMIS, Man-Machine Interface System)

### 3. SamHong Machinery Co.,Ltd.

- Samhong Machinery specializes in the production of nuclear power plant parts and precision processing of parts, producing a wide range of products from ship engines to nuclear power plant services (maintenance), SMR (small modular reactors), and the International Thermonuclear Experimental Reactor (ITER) based on its long-standing know-how in manufacturing industrial machinery parts.
- A key strength of our company is our ability to handle both fabrication and machining in-house, offering a streamlined solution for complex projects.
- Product (Service) :
  - Marine& Stationary Engine Parts
  - Compressor Part
  - Pump Parts
  - Power Plant Parts
  - Machine Tool, Industrial Machinery Parts & Vacuum Chamber
  - ITER Project

## 4. KOREA PRECISION ENG Co., Ltd

- Since its establishment in 1976 as a company specializing in cold and warm forging dies, Korea Precision ENG Co. has been dedicated to delivering high-quality products through continuous research and development.
- With its accumulated expertise in difficult-to-cut metal processing, the company has expanded its business into various fields, including nuclear power, plant equipment, industrial machine parts, and complex metal forming, always striving to meet customer needs.

- Product (Service) :

- Rotary Joint
- CEDM Nozzle
- 4 Die Fogging

## 5. Hankook Plantech

- Hankook Plantech specializes in providing engineering solutions for large-scale plant projects, including design, construction, maintenance, and project management
- With a focus on power plants and industrial facilities, the company is known for its technical expertise and commitment to quality.
- Product (Service) :
  - Replacement & Repair of Field Generator
  - Replacement & Maintenance of Turbines
  - Exchanging LP Heater inside the Condenser
  - Special Tool Box
  - Working Stand For the LP-Casing Assembly
  - Container For Transper Of The Turbine Rotor
  - Stand For The Comp Disk Assembly

## 6. WELLSYSMETAL

- As a global leader in steel distribution, exporting and supplying various steel and metal products such as steel pipes, fittings, flanges, forgings, valves, and bolts/nuts, we have newly designed a rebar coupler required for concrete pouring at construction sites after years of dedicated research.
- The "WelSys Coupler" is a newly developed coupler featuring an innovative one-touch locking mechanism that eliminates the drawbacks of conventional couplers while ensuring exceptional stability and outstanding ease of installation.
- Product (Service) :
  - General Type Coupler
  - Reducing Type Coupler
  - Welding Type Coupler
  - Hybrid Type Coupler
  - Form Saver Coupler

## 7. SNT Energy Co., Ltd.

- SNT Energy is recognized in the global market for its outstanding technological competitiveness in energy plants, including petrochemical refining, gas plants, and power generation facilities.
- SNT Energy has secured core green energy technologies, such as air coolers, heat recovery steam generators (H.R.S.G.), denitrification systems, and nuclear power plants.
- Product (Service) :
  - Air Cooled Heat Exchanger
  - Heat Recovery Steam Generator (H.R.S.G)
  - Surface Condenser
  - S.C.R System
